Dear Examiner Truong:

The following amendments and remarks are offered in response to the Examiner's Office Action dated December 31, 2002, and which, due to May 31, 2002 falling on a Saturday, has an extended response period of June 2, 2003. The appropriate fee for a three month extension is included. Allowable claims have been identified, and the applicant request that the fees associated for the additional claims be abated until prosecution on the merits is closed. Favorable consideration of the above-referenced patent application is respectfully requested.

In summary, independent Claims 1, 11, 17 and dependent claims 8, 9, 12, 13, and 16 are amended. Claims 8, 9, 12, 13, and 16 are now in condition for allowance as per Examiner's instructions. It is also believed that claims 1-7, 10-11 and 14-12 are also in condition for allowance, and allowance of the same is requested. Specifically, since independent claims 1, 11 and 17 are now in condition for allowance it is noted that each dependent claim is also in condition for allowance, and thus allowance of each dependent claim is also requested. If the Examiner has any other matters which remain, the Examiner is encouraged to contact the undersigned attorney to resolve these matters by Examiner's Amendment where possible.

Respectfully Submitted,

Steven W. Thrasher
